AIC : A 006/2025

Publication Date: 18-SEP-2025

Availability of the updated aeronautical obstacle datasets

The purpose of this AIC is to communicate the availability of the updated aeronautical obstacle datasets recommended specifically for the attention of DAT providers. (referring to AIP Hungary GEN 3.1.6.)

The datasets are currently available in .xlsx format. The Data Product Specification for content processing is also available.

The updated electronic obstacle datasets may be obtained from HungaroControl Ltd. Aeronautical Information Service:
