DECOMMISSIONING OF NON-DIRECTIONAL BEACONS USED FOR EN-ROUTE NAVIGATION

This AIC contains preliminary information on planned changes of the ground-based navigation infrastructure serving en-route application.

Introduction

In compliance with the concept described in „ECAC Navigation Strategy and Implementation Plan” document, ground-based navigation infrastructure serving en-route application within LHCC FIR is planned to be rationalised.

As the expected lifespan of the operational Non-Directional Beacons has been reached, they are planned to be completely withdrawn from en-route operations by 30.06.2019.

NDBs will be retained at aerodromes as facilities supporting non-precision procedures.

Planned schedule of NDB decommissioning

Name of Station	ID	Planned date of decommissioning	
		Q1 2019	Q2 2019
MONOR	MNR	X	
TÁPIÓSÁP	TPS	X	
SAJÓHÍDVÉG	SAG	X	
BUGAC	BUG	X	
PUSZTASZABOLCS	PTB		X
BÉKÉS	BKS		X
SÁGVÁR	SVR		X
GYŐR	GYR		X
